- ASP .NET MVC, Spring MVC
- HTML, CSS, JavaScript
- React, Next.js
- Node.js, Nest.js
- Bootstrap, Tailwind CSS
- C++, C#, JAVA, Python
- PostgreSQL, MySQL, TypeORM, Entity Framework

ABOUT ME

I am a Computer Science graduate who is truly passionate about technology and loves solving problems. With a solid foundation in programming languages like JavaScript, Java, and C++, I have experience in software development and working with web technologies such as React and Node.js. My expertise extends to algorithms, data structures, and database management systems. I am a detail-oriented individual with strong analytical and troubleshooting skills. I am always eager to learn and stay updated with the latest industry trends. As a team player with excellent communication skills, I am ready to contribute to a dynamic work environment and make a meaningful impact in the world of technology.
